COURSE DESCRIPTION

Speakers will discuss emerging techniques in fracture care such as percutaneous plating of humeral shaft fractures; fracture reduction using a kyphoplasty balloon; negative pressure wound care; management of large bone defects; and nonreconstructable periarticular fractures. There will be conversations about controversial fracture management topics including open, articular, clavicle, femoral neck, pelvic and acetabular fractures, and flail chest injuries. Additionally, the conference will cover deliberations on surgical techniques not yet in the textbooks, clarification of on- and off-label use, balancing technology with economic realities, obtaining informed consent, and coding for trauma and fracture care. Attendees will leave the conference more knowledgeable about emerging innovative techniques for treating orthopaedic trauma and fracture care.

TARGET AUDIENCE

Orthopaedic surgeons, trauma surgeons, nurse practitioners, physician assistant, physical therapists and nurses.

OBJECTIVES

ACCREDITATION

Physician: This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint Sponsorship of the Foundation for Orthopaedic Research and Education (FORE) and OTFS Research & Education Foundation (OTFS). FORE is accredited by the ACCME to provide continuing medical education for physicians. FORE designates this live activity for a maximum of *16 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistants: The American Academy of Physician Assistants (AAPA) accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME.

Nursing Credit: For the purpose of re-certification, the American Nurses Credentialing Center (ANCC) accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME. Foundation for Orthopaedic Research and Education
